

In order to comply with Governor Gina Raimondo's request for social distancing and to lessen the spread of the Coronavirus, all inspections conducted today, April 1, 2020 and until further notice, owners will be given 60 days to correct Housing Quality Standard violations that are NOT considered a health/safety violation. Any health or safety violations must be corrected within 48 hours. If you need an extension on any current HQS violations, please do not hesitate to contact me.

As always, thank you for your dedication to the PHA and our residents.
